

EASTER

GREETINGS FROM THE MAYORESS OF FUENGIROLA ANA MULA REDRUELLO

Dear Friends:

Soon will begin the holy week, a few days that in our city are lived with authentic devotion, as the citizens of Fuengirola fill the streets to show our fervor for each and every one of the images that come out in procession.

The brotherhoods are part of the essence of our town, its soul, so from the City Council we do not hesitate to promote traditions and even more in a year like this, where we commemorate our 175 anniversary as a city.

I invite you to live these days with feeling. For this, in this publication you can find the history of our brotherhoods, as well as the itineraries and the rest of events that are organized with the occasion of these very special dates.

I hope you live with meditation those Passion Days and with joy of the Easter.

Best Wishes.

GREETINGS OF THE PRESIDENT FROM THE BROTHERHOOD OF HH AND CC OF FUENGIROLA ALFONSO GOMEZ MANZANARES

Dear Brothers in Christ and Mary:

With immense joy, I appeal to all the Fuengirola citizens and those who visit us in these dates so important for the life of a Christian. We celebrate the Easter of Resurrection. We celebrate the triumph of Life over death.

Our Lord Jesus Christ, after his passion and death on the Cross, will resurrect from the dead. He died for each and every one of us and on his cross were the human sins. Live the joy of the Resurrection.

Let us live these days intensely, from piety and meditation and also from the public manifestations of our faith.

The Easter procession constitutes one of the oldest and rich traditions of our people, which generation after generation has been mined and transmitted to our days. Let us take care of them for our descendants.

I would like, in conclusion, remember those people most in need, both material and spiritual. Let us share with them a little of our joy, in the form of company, alms or prayer. Sometimes the most needed are very close to us and we are not able to see them.

Receive a warm greeting.

REAL, MUY ILUSTRE Y VENERABLE HERMANDAD SACRAMENTAL Y COFRADIA DE NAZARENOS DE NUESTRO PADRE JESÚS EN SU ENTRADA TRIUNFAL EN JERUSALÉN, NUESTRO PADRE JESÚS DE LA PASIÓN, NUESTRA SEÑORA DE LA ESPERANZA Y NUESTRA MADRE Y SEÑORA DE LA SOLEDAD.

The beginnings of the Royal and Sacramental Brotherhood of Passion date back to the Holy Friday of 1972, when a group of devotees, parishioners of San José Parish of Fuengirola, created an association to carry out a penitential procession to the Blessed Virgin under the advocacy of Esperanza and Soledad, being this one a small image of Our Lady which was given by the priest of Fuengirola, D. Manuel Gámez, carving of the Sevillian Imaginary artist D. Antonio Eslava.

But it is not until the 2nd of May 1987, that this association obtains the approval of its Statutes by the Bishopric of Malaga, officially constituting itself in Brotherhood, and having the privilege of being officially the oldest brotherhood of Fuengirola.

The shield of the Corporation is composed by a monstrance with the custody of the Holy Sacrament, the Trinitarian Cross framed by the crown of thorns, and on both sides, ovals that collect the pierced heart of the Virgin and the flag of Christ's victory. On top the Royal Crown. The Brotherhood has its own canonical venue in the Parish of the Virgen del Carmen and Santa Fe Los Boliches. And its own venue in the Avenida de Jesus Cautivo, nº 1.

In 1985 the procession of the image of Our Lady of Los Dolores, once restored, together with the image of a crucified one, the Christ of La Paz. The Religious Brotherhood processions in the Holy Wednesday since 1986.

In December of 1987, the image of the head of the Religious Brotherhood, Jesus Cautivo, arrived at the parish, and the solemn ceremonies took place on the 8th, feast of the Immaculate Conception. And it is from the Holy Week of the following year when this image is processed with the one of Virgin of Los Dolores. The colors of our Religious Brotherhood are white in the section of Jesús Cautivo and purple in the section of the Virgin of Los Dolores. In 2012, the Brotherhood celebrates the twenty-fifth anniversary of its canonical constitution. During these years the growth has been continuous and at present it counts with an important number of brothers. In the same way, the equipments and patrimonies have been acquiring an important entity and to this day has four thrones: one dedicated to Jesus Cautivo carried by eighty-eight bearers; Another dedicated to the Virgin of Dolores carried by five hundred men of throne; A third, in which is processed Jesús Resucitado, and carried by about seventy-two bearers; Also has a room for the transfer of images from the Parish to the House of Brotherhood, already occupied entirely by women.

COFRADIA FUSIONADA DE NUESTRO PADRE JESÚS ATADO A LA COLUMNA, STMO. CRISTO DE LA EXPIRACIÓN, MARIA STMA. DE LA AMARGURA, MARIA STMA. DE LOS DOLORES Y SAN JUAN EVANGELISTA.

During the month of May 1946, through its first Cabildo de Elecciones, on June 30 of the same year, the Brotherhood of "Ntro. Padre Jesús atado a la Columna and Ntra. Señora de la Amargura" (better known by the Brotherhood of the Merchants).

On May 13, 1946, it is constituted the brotherhood of "Stmo. Cristo de la Expiración, María Stma. De los Dolores and San Juan Evangelista (Brotherhood of the Labradores).

Both brotherhoods were making their penitence stopping place, until 1965, D.de had a parenthesis of 18 years, without performing their penitence stopping places in the streets of Fuengirola.

On November 12, 1982, a management commission was formed consisting of Mr. Salvador Martin Rosales, Francisco Rosales Millan and Domingo Martin Gonzalez, with the intention of rebuilding and merging the old brotherhoods into one and with a new name. In this commission, it was agreed that the name of the Christ that came out on Holy Thursday and the name of the Virgin, which the Holy Friday would be: COFRADIA FUSIONADA DENTRO. PADRE JESÚS ATADO A LA COLUMNA Y MARIA STMA. DE LOS DOLORES. During the period from 1982 until the Cabildo General Ordinario, held on May 27, 2005, a long period was fulfilled under that name.

After this celebration and with the new ecclesiastical regulations to present a new Statutes, it was agreed to modify the name and take the one of all the images that formed in its day the old brotherhoods: "COFRADIA FUSIONADA DE NTRO. PADRE JESUS ATADO A LA COLUMNA, STMO. CRISTO DE LA EXPIRACION, MARIA STMA.DE LA AMARGURA, MARIA STMA. DE LOS DOLORES Y SAN JUAN EVANGELISTA DE FUENGIROLA".

The Pictures: Ntro. Padre Jesús Atado a la Columna, dates from the XVII century, was made by the sculptor Andres Carvajal. It was venerated in the church of San Pedro de Antequera, arriving in Fuengirola, by order of the Bishop of the diocese of Malaga, Mr. Balbino Santos Oliveira. The same was restored by D.Mario Palma Burgos, before exposing it again to the cult and to be

processed. The expenses of its restoration were paid by the overtime worked by the workers who were constructing the new Parish of the Rosary, in the year 1946.

"María Santísima de la Amargura", contemporary work of D. Pedro Perez Hidalgo, given by D. Joaquin Cortes Fernandez, arrived in Fuengirola in the year 1950. It was restored in 2010 by the sculptor of Malaga D. Rafael Ruiz Liebana.

The image of Stmo. Cristo de La Expiración is known under the pseudonym of "Cristo de las Papas", due to the cry made by D. Valeriano Claros Ramirez, that from the balcony of his house and when the throne was passing by he realized it. There are two versions, the first, due to the great harvest of potatoes, and perhaps in thanksgiving, in one of his first processional marches. The second corresponds to that the Image was bought and given by D. Elias Ramps Carrera, after the selling from the excellent potato crop.

The first Image was a Christ, Donated by D. Elias Ramos Carrera, who bought it from the Rodriguez Ramos brothers of Malaga. Because it was a plaster carving, with the passing of the years it was deteriorating and when it was again taken out in procession, the Brotherhood carried out the risk of suffering an irreparable break.

On April 27, 2000, the Junta de Gobierno, presided over by the Hermano Mayor Antonio Gómez Martín, presents the project for the realization of an exact replica of the Santísimo Cristo de la Expiración in Cedar and Polychrome Wood, work ordered to the native Sculptor of Malaga D. Rafael Ruiz Liebana. Also was commissioned a new cross alborea gift of the bearers of throne, who held a raffle whose collection was given to the Brotherhood, a very significant event because they are very young carriers.

On December 16, 2000, the presentation of the new Image in cedar and polychrome wood was presented and blessed, a work commissioned by the sculptor Rafael Ruiz Liebana. The Spiritual Director of the brotherhood D. Manuel Angel Santiago Gutierrez, was in charge of the blessing in the canonical headquarters of the Parish of the Crowned Rosary.

María Santísima de los Dolores, donated by Dña. Dolores Luna Cano fulfilling the wishes of his mother Dña. Francisca Cano Cabello, carving made by the Sevillian artist D. Jose Fernandez Andes, commissioned for the Brotherhood of Jesus of Great Power and Our Lady of Hope, of the Church of San Isidro in Madrid.

On June 30, 2005, it was approved to impose the "fajin de General" of the Excmo. Mr. Pedro Morales Armino.

San Juan Evangelista: On July 18, 2005, after being approved by "Junta de Gobierno" and ratified in "Cabildo General Ordinario", on March 4, 2005, the Hermano Mayor D. Jose Luis Ortega Barona apply for the authorization to the Bishopric of Malaga for the performance of the image, this complete our Title. This image of San Juan, already existed in our Parish of the Rosary since the beginning of the century, was destroyed with other images in 1931 (after the events of our Civil War). It is the imaginary sculptor D. Juan Manuel Garcia Palomo, who Performs, presents and blesses it, the day 2 May 7, 2006 in the Parish of Our Lady of the Rosary Crowned by the spiritual director Manuel Angel Santiago Gutierrez. The members of the Junta de Gobierno, D. Francisco J. Diaz Romero and D. Luis Alberto Ortega Moreno, are named godparents of the new image. We must stand out as benefactors of the new image to the City Council of Fuengirola, to Mr. Juan Alarcon Moreno, Mr. Francisco Moreno Reyes, Nuñez Rivera family, Mármol Millán, anonymous donor and "Cofradía Fusionada".

In addition to this, the City council of Fuengirola, Appoints to the Brotherhood of the "Cristo Yacente" since Official Cofradia of the City. Already in 1990, the Brotherhood presented to the people of Fuengirola the new image of the "Santisimo Cristo Yacente de la Paz y la Unidad", the work of Seville's imager Manuel Carmona. It was in this same year, when the Brotherhood began the appropriate procedures so that Ilmo. Fuengirola City Council granted the title of Favorite Son of the City to M.I.D. Manuel Gámez and López, the emblem of our city for his work in support of our Holy Week and Spiritual Director of the Brotherhood of Monte Calvario of the capital of Malaga, with which the Brotherhood of Stmo.
